Dr. Karl Longley, Chairman
California Regional Water Quality Control Board
Central Valley Region
11020 Sun Center Drive #200
Rancho Cordova, CA 95670

Attn: Anne Littlejohn

RE: AN AMENDMENT TO THE WATER QUALITY CONTROL PLAN FOR THE
SACRAMENTO RIVER AND SAN JOAQUIN RIVER BASINS TO REMOVE THE
MUNICIPAL AND DOMESTIC SUPPLY (MUN) BENEFICIAL USE IN TWELVE
CONSTRUCTED AND/OR MODIFIED WATER BODIES IN THE SACRAMENTO
RIVER BASIN THAT RECEIVE TREATED MUNICIPAL WASTEWATER FROM THE
CITIES OF BIGGS, COLUSA, LIVE OAK OR WILLOWS

Dear Dr. Longley,

We are Stakeholders that participated in the development of subject amendment as well as alternatives for a region-wide MUN beneficial use evaluation process for Ag dominated surface water bodies. As a part of the region-wide evaluation, crucial definitions and a decision tree matrix were developed that should be invaluable in the next phase of the region-wide MUN evaluation process.

We support continuing efforts to develop a region-wide MUN Basin Plan Amendment for agricultural dominate surface water bodies. We will continue to participate in the Stakeholder process to help facilitate the continued planning process.

We want to express our appreciation to Board staff in particular Ms. Anne Littlejohn and Ms. Jeanne Chilcott for all of their efforts.

We look forward to working with you and Board staff in this critical Basin Planning effort.

Sincerely,

Jacob J. Westra
Assistant General Manager
Tulare Lake Basin Water Storage District

Dustin Fuller
Manager
Tulare Lake Drainage District
